

SGA Meeting Notes  
Date 11/19/2021  
Learning Commons Room 331 9PM

Call to order - 9:04

Roll Call - 9:10

Officer Reports - 9:

**A. Presidents - Austen - ( time )**

- introducing sister mary

**Sister Mary**

- Brought cookies :0
- Ready to answer our questions & hear our concerns:
- Atrium - being looked into ( sorry for disappointing )
- New strategic plan (6 steps)
  - Master's Facility Plan - facilities on campus and what is being done about them
    - E sports arena - applicants from freshman 900 ppl voted for esports ... one example of listening to the students
    - New gear shop
    - Old coffee shop is turning into a shake and smoothie place Jan 2022
    - Area in front of the fire place will be remodeled to tie into the vibe of the new gearshop
    - Back patio has been updated ( stairs, rail, furniture, ect..)

- Made the first floor of the LAC classrooms into zoom ready classrooms. Second floor to come in the future
- Went to all departments and asked what they needed- going into the comprehensive campaign June 30th of 20224 identifying donors and asking for contributions and bringing each department's needs to the forefront.
- Young Donor gave a million dollars to jazz up the admissions office. ( Barbra Welcome Center )
- Take all the health science majors into one place - so all equipment will be shared/ as well as a new addition for nursing and pre- PA.
- Truly interested in the PAC
- Updating the PAC in different ways
- Always asking donors what THEY are interested in
- Survey about cable TV coming to emails soon

#### Questions for Sister Mary

- Jordan, when is the renovation for the science building happening?

A: It's a domino effect, exact time line not sure. But since the nursing students will move to a new area at the bottom of the science center it will be an empty space for it to get remodeled.

Maddie: Into MTD student union- all students who need to see changes for Musical students now and the future.

- New doors ( **dangerous** old wooden doors, **weather** wood will swell and leaves doors stuck and traps students. “ We do understand “ Audition studio doors stink and get stuck as well.
- New Desks for the PAC because they are not made for all body types. They are not comfortable for most body sizes.. Where the ones in the LAC they have nicer ones that adapt to all body types
- Marywood Music Therapy Program  
They need a one sided mirror for therapy  
Advisor being in the room due to lack of mirror makes this ineffective
- Music Stands - they are falling apart - experience where stand came up and fell apart. Beneficial to reevaluate the stands and get new ones.

A: Nov 6 Wendy will be walking around the building and these are NOT unreasonable and hopefully will be completed.

- Sister Mary BLM Banner
- Banner got ruined from storm
- Really wants a banner that showcases all social issues
- Mural in progress

-science building needs doors and other updates - Jordan Cook

Austen 1:1 with michel for reps through Doodle
