WHAT IS THE HOUSING LOTTERY?

The Lottery is the process that allows you to choose your housing assignment for next year. Marywood University has a 2 year residency requirement, so unless you are from the Scranton area or meet the criteria to reside off-campus, you will be required to participate in the lottery.

The housing lottery gives you the opportunity to select your preferred roommate(s), if applicable, and choose your desired housing option. As you submit your housing application, you'll be assigned a time slot based on your earned credits (for groups and pairs, the individual with the highest credits will determine the time slot). While you may not always receive your first choice, don't be discouraged—simply choose your next available housing option that best suits your needs.

The following pages will give you specific information about the lottery and answer many of your questions. If not, please stop by the Office of Housing and Residence Life in the lobby of Loughran Hall, or email Aaron Lichtenwalter at alichtenwalter@marywood.edu with your questions.

HIGHLIGHTS & CHANGES

- All online this year!

IMPORTANT NOTES

1. Housing lottery times are assigned by total credits earned.
 - a. I.E. Maxis Gillet has earned a total of 110 credits. Maxis will have an earlier timeslot in the lottery than someone who has earned 45 credits.
 - b. If a group of 4 students has earned 45, 55, 32, and 90 credits, respectively, that group will be able to select their housing earlier than a group of 4 students who have earned 45, 55, 32, or 85 credits.
2. If you plan on living in the Woodlands Residences, you must have the correct amount of people in your group.
 - a. A complete group of 10 students will be able to choose a 10-person apartment. If a group has 9, they will not be able to select a 10-person apartment.
3. Students who may need housing accommodations due to a documented disability must submit a request to Student Disability Services before the March 1st deadline. For more information, email disabilityservices@marywood.edu.
